EVENTS/SIGNALS for Epiweek 17

Event 1: Death of a child and two ill due to AGE in Parshuram municipality-2, Dadeldhura, 25th April 2026

Sudurpaschim, Dadeldhura, Parashuram Municipality

Summary: Following the consumption of boiled and stored potatoes on 24 April, three members of the same family developed symptoms of vomiting, diarrhea, and fever. Out of three children, one 7 years child died on the way to Jogbuda Hospital. Two other children (4 years and 11 years) recovered following treatment at Jogbuda Hospital. Cholera was ruled out by testing with RDT kit, and patients were suspected of food poisoning. No other Cases were identified through active surveillance. RRT at the local level in collaboration with PHEOC Surdurpaschim province has planned for testing of water samples, epidemiological investigation, risk communication, and promotion of hygiene and sanitation.
